## THE PRESIDENTS CORNER

*By: Dave McCumber N9WQ*

**HELLO EVERYONE  
FROM SUNNY BEAUTIFUL DOWNTOWN  
NORTH FOND DU LAC!**

The May meeting will be very special this month with the members Swap Meet and all the great things to talk about coming up with club summer events. The 22 in 22 membership drive is going very strong with 8 new members so far. So for the May meeting, I will be raffling off a brand new Patriot base station antenna and a PVC 30 Parady-namics tuner I will be giving it away at the end of the May meeting! Here is how you can take it home with you. If you have brought in a new member this year, you automatically get 1 free ticket for every member. Tickets will be sold at the meeting for \$5 each as a fund raiser for the club. You must be present to win.

So spend this week cleaning out your shack and bringing your merchandise to the club meeting for the Swap Meet! We did this many years ago and it was a huge hit. The business meeting will begin at 7:00 PM so please get there early. The swap meet will begin right after the business meeting. See you there!

## Our Next Meeting Is May 9

**When: Monday May 9, 2022 at 7:00 pm  
Where: Moraine Park College (see page 2)  
235 N National Ave, Fond du Lac, WI  
Please Bring a Friend (or new member) to the meeting!**

### MEETING ROOM A-112

#### Moraine Park Meeting Room A-112

We will be meeting once again in the World Room at MPTC. Because of the construction, please use the main front entrance the FARC and park in the main parking lot on the south side of the school. Use the main entrance.

#### Official FARC Goody Table Set Up At Meeting by the Door

Back when we were meeting before Covid, we always had a table set up where you could select from some amazing things that other Ham radio operators would bring in to share. Piles of magazines, books, and even some hardware was brought in to borrow and give away. So it's time to clean out the radio shack of the accumulated stuff you don't want any more over the year of the pandemic. If you have old magazines, this is a great way to help distribute knowledge of our great hobby! Take them home and when you are done reading them bring them back next month and put them on the table for the next ham! And if you have anything to sell, bring it and attach a note to it showing how much you want for the item and who you are. **Older magazines are always welcome!**

Hey FARC!  
How are we doing ?

#### Publication Corrections and Distribution

The "FDL 73" newsletter is compiled and distributed by the members of the Fond du Lac Amateur Radio Club. It is distributed by E-mail free of charge to all its members. Members are encouraged to send copies freely to other Ham Radio enthusiasts, electronic hobbyists, and friends. The newsletter is the heartbeat of the club and members are encouraged to participate by lending stories, experiences, and expertise. Deadline for submission is 10 days before the next advertised meeting. For corrections and submissions please send them to [backstagelive@gmail.com](mailto:backstagelive@gmail.com).

# SWAP MEET

## It's Time for Spring Cleaning of the Shack!

## Monday, May 9th at Moraine Park

It's time for the Fond du lac Amateur Radio Club Swap Meet! We did this 3 years ago and it was a huge hit. This time it will be a little more intense! We are cleaning out our own club shack and selling a very large amount of gear we have collected over the years. And it's not just ham stuff! You could be the owner of the famous FARC grille that hundreds of thousands of brats and burgers were cooked to perfection on. And we know you want it. Many a member has lusted for that great grill and brat boiler!

So here is how it works. Lets first talk about the stuff you want to bring. Anything that you can fit through the door at MPTC you can sell at the swap meet. And you get to keep any money you receive. You can place price stickers on your stuff or you can just dick or trade with your fellow Hams. And you keep all the proceeds.

The FARC will be selling lots of stuff that we have procured over the past many years. Lots of everything from radios, to grills, to propane tanks, to hardware, and everything will be at MPTC enclosed in our club trailer for pickup that night. If you buy something large you can put it in my van and I will deliver it to your door Monday night right after the meeting! Pictures will be put above the bid sheet showing what you are buying. And if you still need to look at it before purchase we will take you out to the trailer and show it to you.

Our stuff will be listed on a Silent Auction sheet, the same sheet that is listed to the right. Just sign your name and place the amount next to your name. Check it periodically to see if you are still the high bidder.

Monday night, the business meeting will start promptly at 7:00 PM. This meeting should take about 45 min, then it's off to the sale. This is going to be a heck of a lot of fun so bring a fat wallet! All the proceeds for the silent auction go to the club so bid generously!

## Silent Auction

### 1983 Chevrolet Corvette

[illegible]

All proceeds will go directly to the club.  
Please be generous in your bidding!

Here are some pictures of some of the radios. Each radio was taken to Lloyd's house and checked out on the test bench so you can buy with confidence. In fact, the club will guarantee each radio to be in working order and if there are any problems, the club will return the price you purchased it for.

The tub below will be sold as one lot. It includes all of the utensils we used during our brat fries!

You may also donate an item to the club to be put in the silent auction. If it sells, the club would receive the proceeds.

So here is the crew that emptied out the storage locker! We placed everything in our new trailer and now we will be saving \$55 per month in storage fees. The nice part about the picture is seeing Dawn! We are slowly regaining all of our past members that Covid took away. I was very optimistic at the beginning of the year but even I am surprised at the progress our club has made in just a few short months! This is going to be an incredible 2022!

## FARC FIELD DAY

### JUNE 26 & 27, 2022

Right now, members of the FARC are preparing for their biggest day of the year, Field Day, under the direction of Dr. Jack Heil KG9IN. We will be discussing this more at the meeting, and finalizing the event at the Rag Chews and Brews Board Meeting on May 23rd. Here is what we have accomplished so far.

The location has been confirmed as the University parking lot, the same location as in previous years. Invitations have been sent to 11 government dignitaries, 3 TV stations, 1 radio station, and we have an interview pending set up with KFIZ just before the event. We will discuss more at the meeting.

The Fond du Lac Amateur Radio Club VE's have scheduled two more exam sessions for October 15, 2022 and December 10, 2022 in room O-122 at MPTC. Everyone taking amateur exams is required to get a FRN from the FCC website to put on their FCC application as well as provide a photo ID. I have a suggestion for people taking the Technician exam to also study for the General exam since if you pass the Tech. exam on the first try you can take the General exam for free. Cost of the exam is \$15. Preregistering is encouraged, but walk-ins are allowed at the exams. To pre-register for any of the exam sessions call Doug Schultz at 920-922-3088 or via email at: [schultz74@charter.net](mailto:schultz74@charter.net).

The FCC has announced that effective on April 19, 2022 they will begin assessing the \$35 application fee on new, renewals and vanity callsign applications. Upgrades to amateur licenses will be exempt from the \$35 application fee according to the ARRL-VEC. Administrative updates, such as name changes, mailing or email address changes will be exempt from the fee.

VE's and VE teams will not have to collect the \$35 application fees at exam sessions. They will charge the normal \$15 ARRL-VEC exam fee to applicants. The successful applicants will be required to pay the \$35 application fee directly to the FCC by using the CORES FRN registration system. When the FCC receives the examination from the ARRL-VEC, it will email a link with payment instructions to each successful candidate who will have 10 calendar days from the date of the email to pay the application fee. After the fee is paid the examinees will receive a second email from the FCC with a link to their official license. The link will good for 30 days. Additionally, the FCC stated that applications processed and dismissed will not be entitled to a refund. This includes vanity requests where the applicant does not receive the requested call sign.

## MEMBER HIGHLIGHT

# BILL KIECKBUSCH KG9IO

Bill retired from ATT in 2019 after 24 years of being an Outside Technician. Now he works part time at Fleet Farm in the sporting goods department. His part time job fits him well since he likes to fish in his spare time.

Bill started out in CB, and was invited over to Dave McCumber N9WQ's shack on Military Avenue in Fond du Lac to see his radio collections. Bill decided then and there to get licensed and took his Technician license exam at Community United Methodist Church in North Fond du Lac. Doug Schultz N9EZF was one of the VE's at the exam session.

Bill began working on his code speed to pass the 5 word per minute code exam and got his Technician license later in 1993. Bill continued working on increasing his code speed to pass the 13 word per minute code exam which was required along with the 35 question written portion to get the General license. Bill took the General license exam and passed both the written exam and the 13 wpm code exam at Red Granite, WI in 1994.

Bill made his first CW contact with a Swan 350C. He then studied for the Advanced license and took it and passed the Advanced license exam at Community United Methodist Church in North Fond du Lac later in 1994.

**Continued....**

Bill's current ham shack has Icom Ic-7410 HF/6 meter Transceiver, Icom IC-745 HF transceiver and Yaesu Ft-101ZD HF transceiver. Bill also has Icom IC-706 MkIIG that he uses on the VHF/UHF bands with an ED Fong j-pole antenna. He uses the following antennas: Hustler 5 BTV vertical with 17 meters and 12 meters capabilities. He also uses a offset center fed dipole for 80-10 meters. Bill is also in the process of refurbishing a hexbeam that was damaged in a windstorm last fall and wants to get back up on a tower this year. If he can't get it on a 40 foot tower this year he will put it on a tripod on his house roof.

Bill is primarily a SSB operator today but he would like to get more involved in getting back on CW.

## NEXT CHEWS AND BREWS

SCHEDULED FOR MONDAY, MAY 23RD  
FIELD DAY, THE TRAILER, AND OTHER THINGS!

Our new "Chews and Brews" board meeting is scheduled for Monday, May 23rd at the Radisson Hotel, formerly known as the Holiday Inn in Fond du Lac, at 7:00 PM around the fireplace in the bar area. It's a great place to meet, great drinks and a quiet atmosphere! Every single member of our club in good standing is invited and encouraged to attend and participate. It's a lot of fun and we get a great deal finished in a non-formal atmosphere.

On the docket for this meeting is Field Day. We will put together as much as we can and get all of our subsystems in place. We have members

## **WISCONSIN QSO PARTY** **RESULTS STILL NOT PUBLISHED**

The Wisconsin QSO Party is sponsored by the West Allis Radio Amateur Club and it was held on March 13, 2022 from 1800 UTC until 0100 UTC on March 14, 2022. They are still in the log submission phase. The deadline is 3/27 and they need to allow time for any paper logs mailed and postmarked by 3/27. Paper logs then need to be entered into the database tool. Each log goes through a quality check and is re-scored (logging program scoring is usually incorrect). Once they have insured good data quality, their automated system can quickly score and tabulate results. Expect publication by June 1st, and as soon as they are published they will be listed in our newsletter.

## **OUR NEW TRAILER ALREADY PUT TO GOOD USE!**

Thanks to Ron Keller KC9YVL our club has a new trailer! Now that we have it we are already putting it to good use. Last week a group of club volunteers emptied out our storage locker saving the club about \$55 per month. We will have auction items inside the trailer at the Monday night meeting so if you purchase a silent auction item, you can pick up your winnings anytime after the meeting right in the parking lot of MPTC! Great job Ron and thanks for your volunteer work last week at the storage locker!

## Meeting Minutes

Lloyd Vandervort  
N9PRU

### CLUB MINUTES FOR APRIL

The meeting was called to order at 7:00 Pm by President Dave McCumber N9WQ presiding. We had a Skype program with George Ulm and his wife Susan at this ham shack and Radio Museum on Washington Island. In the early 1960's George purchased an apple and cherry farm on Washington Island, WI. At retirement he decided to raise amateur antenna on the property instead of fruit. He lives there year around with his wife Susan. He has a massive museum of almost every ham radio ever made. George and Susan rent out cottages on the property and amateurs can make reservations to rent out the cottages.

President Dave McCumber then had everyone introduce themselves since we had a number of new members attending the meeting. Ron Keller KC9YVL then reported they he had purchased a trailer for the club which is several years old and in good condition. It is 6 ½ ft by 12 foot and the cost was \$2250. On Sunday, April 24 we will move our equipment out of the storage locker and determine we the club wants to sell prior to May club swapfest.

Doug Schultz N9EZF reported on the results of the April 9,2022 exam session. We had 7 candidates that took exams and six candidates that passed exams. Six passed the Tech. exam and two of those passed the General license exam. The next exam session for our club VE's will be on October 15, 2022 at MPTC in Room O-122.

Doug Schultz reported that the IRS had rejected our 501C3 application and we think it had an incorrect Tax ID on it.

Next month's meeting will have a swap meet so everyone needs to bring excess from their shack to the meeting.

Field Day is going to be held on June 25 and 26. Initial plans are to hold it at the UW-Fond du Lac north parking lot. Cully Kowal KS0D suggested we should hold our Field Day at a more public location. This was turned down because of traffic and poor radio reception in the past with more public locations. It is also easier to secure the club's equipment at the campus.

Joe Scheibinger K9VY announced that the Board meeting will be held the third Monday of May at the Radisson. President Dave McCumber N9WQ made a motion to approve last month's meeting minutes that were published on the club newsletter. Cully Kowal KS0D. Dave then asked if there were any corrections or objections to the motion. None were raised and the motion passes.

Doug Schultz N9EZF then gave the Treasurer's report. A motion was made to approve the Treasurer's report by Tom Powell KC9VXR and seconded by Paul Tvrđy N9KLL. No objections were raised and motion passed. A motion was made to pay the bills by Dave McCumber N9WQ and seconded by Lloyd Vandervort N9PRU. No objections were raised to the motion to pay the bills and the motion passed.

We will have an FT8 demonstration at the June meeting. Doug Schultz N9EZF said we have four new member applications to approve tonight. They are: Gabriel Baio, Phil Schmuhl W9PHL, Gabriel Stark N9NEZ and Gabiriel Meyer KD9UWC. All were approved by unanimous consent.

A motion was made to adjourn by Cully Kowal KS0D and seconded by Tom Powell KC9VXR. No objections were raised on the motion and it was approved. The meeting adjourned at 8:25 PM.

### THANK YOU FOR BEING A MEMBER!

Club membership dues are \$15 for individuals, \$7.50 for students and family memberships are \$20. You can pay Doug Schultz at any meeting. Sign up a new or expired member that has been away for more than a year and you will get your dues FREE of charge with the new "22 in 22" incentive program. Send your dues or application (attached in newsletter) to:

Doug Schultz N9EZF  
Fond du Lac Amateur Radio Club,  
P.O. Box 53,

Our club shared something that almost every other club shared. We were devastated by the Covid outbreak. We had to disband for a while and the future was scary. I personally experienced this in other clubs I belong to, the EAA local chapter, the Elks Lodge, and the church I belong to. We were very lucky. Over 80% of our membership returned and we are stronger and more driven than at anytime in our history. So the "22 in 22" program was started and we have 4 new member! Just in case you are wondering what you can do to help, here are some suggestions.

- 1) Forward your copy of the Newsletter to all of your friends either past members or friends with a nice invitation to join the club inside the E-mail.
- 2) If you are on Facebook, please come to my Facebook page "Joe Scheibinger" and friend me. Then you can hit the share button on my page and share the post about our club meeting on your page. (See picture in this block)
- 3) We have incredible things coming up this summer. Go the cover page and look at the different committees and pick one to volunteer. See you at the meeting!

### "22 IN 22"

## MEMBERSHIP DRIVE

4 NEW MEMBERS THIS MONTH! 14 TO GO!

The club is proud to announce 4 new members this month! So let's celebrate and share the love of the hobby. Everyone who brings in a new member, or an old member absent for a year or more that wants to re-join our club, will get one year's worth of dues paid! **To make sure you get credit, look at the attached membership form and fill in your name.** You **will see a red box labeled "sponsor."** Put your name and call sign in the box and when the new member joins, you get a free year of membership dues!

**Let's make 2022 the best year for our club. See you at the May Swap Meet meeting and bring a friend! (and some stuff to sell)**

### GOAL!

## NEW CLUB POSTER UNDER DEVELOPMENT

The poster on the right is something brand new that our club is doing in conjunction with the "22 in 22" membership drive. This has been started by our new member Paul Bleuel who just received his brand new Ham Radio license KD9UWE. A few weeks ago Paul and I talked over the phone about getting the word out that Ham Radio is fun! Paul has volunteered to be part of the publicity committee and distribute club posters to places around Fond du Lac County.

The poster on the right is a sample and is one of 3 types of posters we will have. All three will be laid out the same, but the pictures will be different depending on the age groups we are targeting. This one shows grade school kids. We have one with older high school / college age, and one designed for age group 50+. The posters cost us nothing to design and duplication will be very cheap.

Paul would like to have some volunteers help him with this project. You can contact Paul at [modellrailroadbuff@gmail.com](mailto:modellrailroadbuff@gmail.com)

## heritage

It's fun to go back in history and look at the achievements we have made as Amateur Radio operators. So throughout the year we will investigate old and fun news stories about local radio and local Hams from our area. So let's go back to the earliest printed articles in the FDL Reporter once called the Commonwealth, back almost 60 years ago when car tires sold for \$18 each!

June 20, 1965

Feb 13, 1970

### Earl Jenkins Dies At 47; Funeral Set

Earl M. Jenkins, 47, Route 4, was dead on arrival at St. Agnes Hospital Thursday.

He was born Oct. 9, 1921, in the city, a son of Milton F. and Elizabeth Ottery Jenkins. He married Ruby Hendrickson on Feb. 5, 1955.

Mr. Jenkins was an electronic technician and radio engineer for KFIZ Radio Station. He was a member of the Fond du Lac Amateur Radio Club.

Survivors include his widow; one step-son, Martin Johnson of the city; two stepdaughters, Mrs. Edward Hoptin of Oshkosh and Mrs. David Egan of Milwaukee; his mother, Mrs. Elizabeth Jenkins of the city; one brother, Charles of Milwaukee and two grandchildren. He was preceded in death by his father.

Funeral services will be held at 11 a.m. Monday at Church of Our Saviour with the Rev. Paul P. Kuenning officiating. Burial will be in Rienzi Cemetery.

Friends may call from 3 to 9 p.m. Sunday at Uecker-Witt Funeral Home and at the church from 9 a.m. Monday until the time of services.

### Course Set in Radio

A new course in amateur radio licensing will be offered at the Fond du Lac Technical Institute beginning Wednesday.

The course will consist of 12 meetings from 7 to 9 p.m. in Room 702. The course will teach skills necessary to master the international Morse Code and related electrical theory and to qualify for an amateur radio novice license.

Applicants for a novice license must meet two requirements: 1. Must be able to send and receive five words per minute in code; and 2. Pass electronic theory, and laws covering federal regulations pertaining to the operation of an amateur radio station.

All interested persons should contact Mrs. Ruby Lloyd, adult education supervisor at the Fond du Lac Technical Institute. Parents of children interested in radio and electronics should encourage them to attend. The course will be instructed by Dave Wotho.

PO Box 53 • Fond du Lac WI 54936-0053

### MEMBERSHIP INFO & APPLICATION

*Please Print All Information  
Complete both sides of this Application*

Call \_\_\_\_\_ License Class \_\_\_\_\_ Date \_\_\_\_\_

Name \_\_\_\_\_

Address \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_

Phone \_\_\_\_\_ Cell Phone \_\_\_\_\_

E-mail Address \_\_\_\_\_

Sponsor Name

Do you have a web site? If so, list here \_\_\_\_\_

### Membership Dues

Individual Dues are \$15 per year. Full-time student membership is \$7.50 per year. Family memberships are \$15 per year plus \$5 for each additional family member--if your spouse/son/daughter is licensed, please have him/her complete a separate Membership Application. Dues are payable upon acceptance of your Membership Application by vote of the membership at a Regular Meeting, and at the first meeting in January of each year thereafter.

NOTE: Dues for NEW members are pro-rated if joining after July 1st:

☐ Individual \$7.50 ☐ Student \$3.75 ☐ Family \$10 + \$2.50 for each additional family member

### Membership Application

I hereby apply for membership in the Fond du Lac Amateur Radio Club, Inc. I agree to abide by the Constitution and By-laws of the Club. And, recognizing that an organization does not run itself, I agree to serve on any committee or in any elected office to which I can give the proper time and attention, to the best of my ability. I understand that, as a member, I am expected to help at all events, including fund raising events that are sponsored by the Club. I will conduct myself appropriately both on the radio and in person so as to set a good example for other hams as well as the community.

Signed \_\_\_\_\_ Date \_\_\_\_\_

Please bring your Membership Application to a regular Club Meeting or  
mail it to the Club at the address on the top of this page.

## Background and Interests

Please tell us a little about yourself: Where you work; married; children; what other hobbies you are interested in?

---

---

---

---

---

Please tell us a little about your “ham shack” and your interests in the Amateur Radio hobby. (Radio equipment, antennas, DX, contesting, rag chewing, HF, VHF, UHF, Packet, RTTY, Microwave, EME, satellite, emergency preparedness, etc...) If not yet licensed, are you into shortwave listening?

---

---

---

---

---

---

How did you hear about the Club? \_\_\_\_\_

---

---

## Security Preferences

Do you want your phone number listed in the on-line Club Directory? ☐ Yes ☐ No

Do you want your cell phone number listed in the on-line Club Directory? ☐ Yes ☐ No

Do you want your E-mail address listed in the on-line Club Directory? ☐ Yes ☐ No

## Interests

Are you a member of the ARRL (American Radio Relay League)? ☐ Yes ☐ No

Are you interested in Emergency Services (ARES/RACES)? ☐ Yes ☐ No

Are you interested in weather spotting (SKYWARN)? ☐ Yes ☐ No

The Club maintains several standing committees. Please indicate any that you would be interested in serving on (you may check more than one): ☐ Testing ☐ Contesting ☐ Communications Van

☐ Public Service ☐ Fund Raising ☐ Repeater ☐ Field Day ☐ Program ☐ TVI

☐ Education/Scholarship ☐ Contesting ☐ Web Site ☐ Publicity/Newsletter ☐ On-Air Nets

### FARC Membership Roster

Alphabetized by Last Name

These are the devoted members of one of the best Amateur Radio Clubs in the Midwest, dedicated to community service, and dedicated to preserve and protect one of the greatest hobbies in the world.

Amateur Radio operators come from all walks of life -- doctors, students, kids, politicians, truck drivers, movie stars, missionaries and even your average neighbor next door. They are of all ages, sexes, income levels and nationalities. Whether through Morse Code on an old brass telegraph key, voice communication on a hand-held radio or computerized messages transmitted via satellite, all hams use radio to reach out to the world.
