The PRESIDENTS CORNER

President Bob Burrier N2TSQ

Fall is here and we have certainly had a busy summer. Recently, I and many of our fellow members, participated in the Race the Lake cycling event. It was a good event and I certainly enjoyed participating. My location was at Hwy 151 and WH which is a very active intersection that kept me busy. I am hoping to participate in next year's event as a cyclist, we'll see how my riding over the winter goes. I will be out of town but hope that the team assembles a good crew to facilitate the FDL Labor Day parade. Thanks to Doug (N9EZF) and Justin (KB9YET) for organizing our club participation in these events.

Tom (KC9VXR) has taken the lead to develop a survey of club interests and ideas to make our club experience more enjoyable. I hope you all will take a few minutes to offer support and ideas for continual improvements.

In my own shack, I have worked a phone and FT8 over the past month. I understand Wally (K9WKM) was able to get the new HF digital voice mode operational and I really interested to learn more about that!

I know there is active discussion about a club picnic and the fall fox hunt. It would be great to see if someone might want to organize a POTA, lighthouse activation, or other on-the-air club activity. Volunteers?

Best 73,
 Bob (N2TSQ)

NEXT MEETING - Monday, September 11, 2023

Where: Moraine Park Technical College

NEW MEETING ROOM

Moraine Park Meeting Room E-120

Due to renovations at MPTC beginning on June 12, 2023 at MPTC we will be meeting in Room O-122 through our November 13, 2023 meeting. Please park in the O parking lot since the room is very close to the entrance from that parking lot. Walk in, turn left, and you are there!

Official FARC Goody Table Set Up At Meeting

Back when we were meeting before Covid, we always had a table set up where you could select from some amazing things that other Ham radio operators would bring in to share. Piles of magazines, books, and even some hardware was brought in to borrow and give away. So it's time to clean out the radio shack of the accumulated stuff you don't want any more over the year of the pandemic. If you have old ham magazines, this is a great way to help distribute knowledge of our great hobby! Take them home and when you are done reading them bring them back next month and put them on the table for the next ham! And if you have anything to sell, bring it and attach a note to it showing how much you want for the item and who you are. **Older magazines are always welcome!**

Hey FARC How are we doing ?

Publication Corrections and Distribution

The "FDL 73" newsletter is compiled and distributed by the members of the Fond du Lac Amateur Radio Club. It is distributed by E-mail free of charge to all its members. Members are encouraged to send copies freely to other Ham Radio enthusiasts, electronic hobbyists, and friends. The newsletter is the heartbeat of the club and members are encouraged to participate by lending stories, experiences, and expertise. Deadline for submission is 10 days before the next advertised meeting. For corrections and submissions please send them to backstagelive@gmail.com.

FARC To Receive Grant form Microsoft

The Fond du Lac Amateur Radio Club has received a grant from Microsoft to upgrade our Microsoft office account thanks to our new 501c3 status. This is a huge upgrade to the system I am using for our newsletter, Office 2003! Microsoft has donated 10 licenses for Office 360 suites to be used by our club, so anyone in club management, or donors to our newsletter can receive a license from President Bob. So this will be our very last Office 2003 newsletter! The changes will be in time savings for the editor, easy communications between users, and the free use of the cloud for storage of our heritage items. More information will be presented at the meeting. If you need Office 365 for your computer for club activities please let Bob know at the meeting.

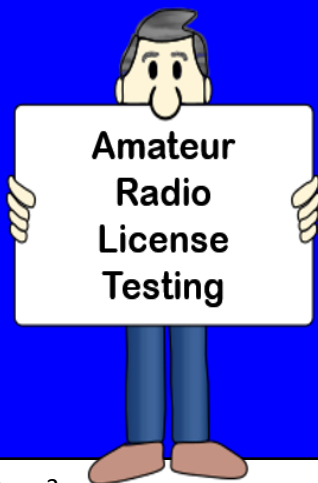

PARTY Like it's At Dave's!

A man known for his huge antenna farm, incredible radio collection, his need for speed, and the ability to fix or build anything, the King of 160 meters Dave McCumber is throwing a club party in his Kingdom on Monday, September 25th at 7:00 PM. Dave will be serving his famous all beef hot dogs with adult beverages and soda.

At 7:00 PM just before sunset, Dave will be giving a tour of his amazing antenna farm. After that, we will be directed to his club house for an incredible tour of the radio room filled with modern, classic, and antique radios. If this is your first visit to the Kingdom, be prepared to be amazed.

Paradise is located at 200 Clinton St. in North Fond du Lac, WI. More info to come.

NEW 2023 Exam Dates for Fall & Winter

The Fond du Lac Amateur Radio Club VE's will be holding two exam sessions this fall and winter. The first one is on Saturday, October, 21, 2023 at MPTC Room O-122 from 9:00 AM until noon. The second exam session is being held on Saturday, Dec. 9, 2023 at MPTC room O-122 from 9:00 AM until noon. Please bring your FRN along with a photo ID to the exam session. The FRN is now a requirement before we can give you an exam. Cost of the exam is \$15. If you are studying for the Technician exam, I will make a suggestion that you study for the General exam also. If you pass the Technician exam on the first try you can take the General for no extra cost. Reservations are preferred for the exam but we will accept walk-ins at the exam session. To reserve a spot at the either exam session or if you have questions please contact: Doug Schultz N9EZF at: schultz74@charte.net or at 920-922-3088.

Website Administrator Needed

Our club website has been under the care of Tim Braun W9AAV for many years. We have one of the finest examples of a professional Ham Radio website out there in Internet land and it's all thanks to Tim who created the site.

Tim has stepped down from his position a few months ago and agreed to stay on until we find another club website administrator. All the pages are set up and minor changes and additions have to be made from time to time.

Tim will be at our August meeting to talk about the site and we are looking for someone in our club that can maintain the website and become our new administrator.

If this looks like a good fit for you, please come to the August meeting and volunteer.

GREAT Turnout for Race the Lake

We had very good turnout of Fond du Lac Amateur Radio Club operators for the 90 mile Race the Lake bike race on August 20, 2023 to provide communications to race officials and net control. I would like to thank all the operators that provided communications for this bike race in Fond du Lac County. They are: N2TSQ Bob Burrier, KD9IAG Gene Peterson, N9EZF Doug Schultz, KC9YVL Ron Keller, KC9VXR Tom Powell, KG9IN Jack Heil, Paul Bleuel KC9NAA and K9WKM, Wally Meyer.

These operators covered the Fond du Lac County portion of race and provided communications for the Net Control operators at Lakeside Park and race officials that were located there.

Thank You for Being a FARC member

Dues are \$15 for individuals, \$7.50 for students and family memberships are \$20. You can pay Doug Schultz at any meeting. Sign up a new or expired member that has been away for more than a year and you will get your dues FREE of charge with the "23 in 23" incentive program. Send your dues or application (attached in newsletter) to:

Meeting Minutes

70 years

Tom Powell KC9VXR

Minutes of Fond du Lac Amateur Radio Club Meeting August 24, 2023

The meeting was called to order at 7:01pm by President Bob Burrier N2TSQ. Members introduced themselves. A moment of silence was observed for Silent Key David Witt WD9W. A presentation was given on FTC RF Exposure Rules was given by Dr. Greg Lapin N9GL.

A motion was made by Wendy Kudrowicz to approve the minutes of the July meeting and seconded by Paul Tvardy N9KLL. The motion passed by unanimous voice vote. The Treasurer's report was given by Doug Schultz N9EZF. A motion was made by Justin Buell KB9YET and seconded by Phil Schmahl W9MW to approve the report and payment of bills. The motion was passed by unanimous voice vote. It was noted that Tim Braun W9AAV was not able to be present and his discussion of the web site was postponed to the next meeting. Phil reported that a program for the Boy Scouts merit badge will be presented at a date to be announced and that any Club members interested in helping should contact him.

Bob reported that the future of the Club was discussed at the recent Board meeting and a survey has been developed for input by Club members. The survey will be sent by e-mail soon and members are encouraged to give their input openly. The Board meeting discussion included the possibility for the trailer being improved by addition of a second station desk. A battery and several storage tubs currently used are property of Justin and will need to be replaced by the Club. Gene Peterson KD9IAG expressed concern for the trailer being overloaded with equipment. The trailer committee will review this concern and make recommendations. Another issue from the Board meeting was the possibility of investing Club funds to earn more interest. Joe Scheibinger K9VY mentioned a money market fund by Charles Schwab agency that earns currently 5.4% with no early withdrawal penalty. A motion was made by Tom Powell Kc9VXR and seconded by Phil to authorize the opening of a money market account in the amount of \$7000 in the name of the Club as a 501.c3 with the club Treasurer as primary signatory and the President as secondary. The motion was passed by unanimous voice vote.

Upcoming activities include:

- Race the Lake on Aug. 20 coordinated by Doug – members should contact him to assist
- Labor Day Parade coordinated by Justin – contact him to help out. This is a good money maker for the Club!
- A Fox Hunt will be set up sometime in Sept. by Ron Keller KC9YVL
- A backyard outing at the home of Jack Heil KG9IN date TBA
- Go Box activations??
- The annual Holiday Party in December – Paul Bluel KC9NAA to arrange

A motion to adjourn was made by Justin and seconded by Wendy. The motion passed by unanimous voice vote and the meeting was adjourned at 8:44pm

Respectfully submitted by Tom Powell KC9VXR Secretary

Radio Club contacts North America

Keith Vandervort/The Reporter

Jack Heil, left, president of the Fond du Lac Amateur Radio Club, and **Chuck Theisen**, Field Day chairman, tune in some of their short wave contacts Saturday afternoon as the group participates in the American Radio Relay League's Field Day. Fond du Lac Amateur Radio operators worked around the clock during the weekend to set up field radio communication stations, get on the air, and contact thousands of other operators in the United States and Canada participating in the American Radio Relay League's Field Day. Heil said that Field Day provides members with a chance to fine-tune emergency communication skills.

Back in the day when we had real reporters and a real newspaper in the city, the FARC had many great articles over the years. In the old days, they would send reporters and photographers to event. Not so much today. Maybe Jack can let us what year this picture was taken so we can put it in our heritage file. Dr. Heil has been an outstanding member of the FARC lending his expertise any time he is asked! Jack has been the Field Day Coordinator for the club over many years.

FARC Membership Roster Alphabetized by FIRST NAME

These are the devoted members of one of the best Amateur Radio Clubs in the Midwest, dedicated to community service, and dedicated to preserve and protect one of the greatest hobbies in the world.

Amateur Radio operators come from all walks of life -- doctors, students, kids, politicians, truck drivers, movie stars, missionaries and even your average neighbor next door. They are of all ages, sexes, income levels and nationalities. Whether through Morse Code on an old brass telegraph key, voice communication on a hand-held radio or computerized messages transmitted via satellite, all hams use radio to reach out to the world and serve their fellow man.

Membership Dues

Individual Dues are \$15 per year. Full-time student membership is \$7.50 per year. Family memberships are \$15 per year plus \$5 for each additional family member--if your spouse/son/daughter is licensed, please have him/her complete a separate Membership Application. Dues are payable upon acceptance of your Membership Application by vote of the membership at a Regular Meeting, and at the first meeting in January of each year thereafter.

NOTE: Dues for NEW members are pro-rated if joining after July 1st:

Individual \$7.50 Student \$3.75 Family \$10 + \$2.50 for each additional family member

Membership Application

I hereby apply for membership in the Fond du Lac Amateur Radio Club, Inc. I agree to abide by the Constitution and By-laws of the Club. And, recognizing that an organization does not run itself, I agree to serve on any committee or in any elected office to which I can give the proper time and attention, to the best of my ability. I understand that, as a member, I am expected to help at all events, including fund raising events that are sponsored by the Club. I will conduct myself appropriately both on the radio and in person so as to set a good example for other hams as well as the community.

Signed _____ Date _____

Please bring your Membership Application to a regular Club Meeting or
mail it to the Club at the address on the top of this page.

Background and Interests

Please tell us a little about yourself: Where you work; married; children; what other hobbies you are interested in?

Please tell us a little about your “ham shack” and your interests in the Amateur Radio hobby. (Radio equipment, antennas, DX, contesting, rag chewing, HF, VHF, UHF, Packet, RTTY, Microwave, EME, satellite, emergency preparedness, etc...) If not yet licensed, are you into shortwave listening?

How did you hear about the Club? _____
